

Straw Hat Farms

of Marion County, IA

Produce Catalog

2023 Growing Season

Check out our Online store
at:

[https:// straw-hat-farms-of-marion-county.square.site](https://straw-hat-farms-of-marion-county.square.site)

Getting fresh produce is all about availability. Now you can get fresh, in season, produce with a click of a button. Go to our online store and check out our current offerings. Price and amount available are listed. Check out through a secure website provided by Square Inc. Your order can be picked up same day at our location.

You can also get fresh produce delivered every week **FREE!**

If you live in Knoxville or Pleasantville we provide weekly delivery on Thursday.

When ordering from our on-line store just place a note in the instruction box when you check out. If we have questions we will contact you.

Need a weekly reminder to order? We will email a weekly reminder to order your fresh produce!

You can get fresh produce once per week and don't have to go to the Farmers Market or the grocery store and unlike a CSA (Community Supported Agriculture) you get only what you want in the quantity you need and don't have to pay in April for October's produce. Please note however, our production is highly dependent on Mother Nature. Check our online store frequently as, during the season, availability can change daily.

(All e-mails are sent blind cc so your email will not be shared.)

Of course you can always come by our location at 307 E DeWitt in Pleasantville (2 blocks west of the Dairy Shoppe) and we will pick your produce fresh from the gardens. Call ahead and we will have it ready for you!

Contact us for larger quantities if you are wanting to preserve some of our produce. We will pick it at a mutually convenient time.

We work with Dan D Farms of Knoxville for sweet corn (in season) so it can be added to your order.

Please note—this catalog is a work in progress. We will do our best to continue to add photos and descriptions for each entry as we work towards completion. We will use as many pictures as we can of our own products, but in some cases we use suppliers' pictures when necessary. The best way to tell is to come see us in person!

Early Produce (April, Early May)
